### SUMMARY

I am a passionate full-stack developer with a strong foundation in UI/UX and have a strong desire and will to make a good impact in the field of web development.

### SKILLS

- Programming Languages:** JavaScript, TypeScript, C, C++
- Frontend:** ReactJS, Next.js, Tailwind CSS
- Backend:** Node.js (Express), REST APIs
- Database:** PostgreSQL (Prisma), MongoDB
- Tools & DevOps:** Git, GitHub, Docker, VS Code

### EXPERIENCE

#### Web Developer | Global Media Tech

Dec 2024 - Present

- Built and maintained the admin panel for the company's main website using JavaScript and Node.js (Express).
- Developed intuitive dashboard interfaces for managing site content, users, and media assets.
- Implemented RESTful APIs to connect the admin panel with the backend database.
- Ensured a clean, responsive UI for smooth day-to-day use by non-technical staff.

### PROJECTS

#### YatraAI

- AI-powered travel planning application that generates personalized itineraries based on user preferences.
- Built with Next.js for server-side rendering and PostgreSQL with Prisma ORM for robust data management.
- Integrated AI APIs to provide smart destination suggestions, budget estimates, and day-by-day travel plans.
- Implemented user authentication, trip saving, and shareable itinerary features.

#### Disaster Notifier and Relief (*Built during X-Hack*)

- Developed an application to notify users in real-time using the MERN stack.
- Real-time disaster notifications using WebSockets.
- User-friendly interface for quick access during emergencies.
- Donation feature to support post-disaster relief efforts.

#### School Website

- Developed a static school website using ReactJS with a clean, parent- and student-friendly interface.
- Gallery section to display school events and activities.
- Integrated dummy APIs to simulate features like event calendars, student and teacher portals.

## EDUCATION

---

- **Bachelor of Science in Computer Science and Information Technology** **2026 (Expected)**

### **Tribhuvan University**

- **Relevant Coursework:** Networking, Operating Systems, Web Technology, DSA, Cryptography, Programming

## ADDITIONAL INFORMATION

---

- **Languages:** English, Nepali, Hindi
- **Certifications and Achievements:** UI/UX design
- **Soft Skills:** Communication, Leadership, Teamwork, Problem-solving, Time Management, Critical Thinking, Creativity
